Homework 1

Submission

Submit your individual solution at the beginning of the class on Tuesday, September 18

Problems

1. Problem 9 on page 27

2. Problem 2 on page 45 (sub question a, b, d, e)

3. Problem 6 on page 45

4. Problem 9 on page 53

5. Convert the NFA you constructed in Problem 9(a), page 53, to an equivalent DFA. Show the intermediate steps of the conversion.

Good luck!
